

**SYSTEM SAFETY**

All installations not protected by a safety fence or locked grating should be equipped with a Schedule 40 PVC riser pipe with tamper-proof pipe cap. Only authorized personnel should have access to the tablet feeder and its components. Confined space entry equipment (Occupational Safety and Health Regulations OSHA 29, CFR1910.146) is not required for a properly installed Bio-Dynamic LF Series tablet feeder in a direct burial installation. Maintenance of the tablet feeder can be performed from grade. Rubber gloves and safety goggles or a face shield should always be worn when providing service to any chemical feed system. Toxic fumes present in wastewater and/or tablets may accumulate within the feeder and cause personal injury or death. All safety and handling procedures for chemical tablets must be followed completely. Water and wastewater treatment chemicals can be very dangerous. Thoroughly read chemical container label before use. Only trained personnel using the proper safety procedures and approved equipment should be allowed in the vicinity of a treatment system.

**BIO-DYNAMIC® LIMITED WARRANTY**

The Bio-Dynamic Model LF Series tablet feeders are backed by a comprehensive ten year limited warranty. The purchaser is protected from defects in material and workmanship, under normal use and service, for a period of ten years from the date of original purchase. The Bio-Dynamic distributor will provide a warranty registration card, as well as detailed warranty and exchange information, to each purchaser. This warranty is not effective unless the warranty registration card is returned to the factory within 30 days of purchase. If the tablet feeder or components require service or replacement, do not use or dismantle the unit. Contact your local, authorized Bio-Dynamic distributor to arrange for inspection, service or replacement of the system or component. After inspection, the distributor will return the tablet feeder or component, as required, to the factory and replace the necessary items according to the terms of the limited warranty.

**CHEMICAL CONSUMPTION RECORD**

For your reference, please document chemical consumption and maintenance on the following chart:
